**TEMPORARY (STORABLE / INFLATABLE) POOL
PERMIT INFORMATION**

Submit The Following Information When Applying For A Swimming Pool Permit:

- ◆ Completed Pool Permit Application with signed *Homeowners Declaration Rider*.
- ◆ Submit a copy of the survey for the property indicating the exact location of the swimming pool and its setback measurements to the side and rear lot lines.
- ◆ Provide information about the pool such as size, depth.
- ◆ All pool equipment must be UL listed as approved for pool use.
- ◆ Upon submittal of the application, survey, check off list, a review of these documents will be performed. You will be notified when application has been approved and your permit is ready.

Note: All Contractors must be registered with the Village.

SWIMMING POOL REQUIREMENTS:

- **POOL DEFINITION:** Any structure having a depth of two feet or more at any point, including inflatable or temporary structures, basin, chamber, or tank containing an artificial body of water for swimming and wading, with or without circulation pumps/filtrate systems or which is dug into the ground, not to include hot tubs, stormwater, detention, retention ponds, or other bodies of water not specifically designed for swimming.
- **FENCES:** All pools must be located in an area protected by a fence. The fence must be at least five feet (5') in height and made of sturdy materials as approved by the Community Development Department. It must also have a self-closing and latching gate to prevent the unsupervised access of children or animals. **Fencing with a gate must be in place prior to any water being introduced into the pool.**
- **NOTE: Temporary safety fences are not to be used beyond a two-week period and shall not be considered "permanent".**
- **LOCATION:** Pools shall be located at least 10 feet or 10% whichever is greater from the rear and side property lines. Swimming pools shall not be located in the exterior side yard of a corner lot.
- **ELECTRIC:** All electrical devices must be GFCI protected and all outlets must have ground fault circuit interrupters. The Electrical Inspector can be reached at (708) 479-3930.
- **DRAINING POOL WATER:**
 1. Cannot be drained directly into a storm water detention or retention basin
 2. Cannot be drained over an adjacent owner's property
 3. Must be drained directly to streets with curb and gutters or to street drainage ditches with closed header, hose or pipeline.
 4. Discharge flow not to exceed two hundred fifty (250) gallons per minute
 5. Cannot be discharged into storm sewer system during periods of rain or storms.
- **OTHER REGULATIONS:** These items represent a summary of the most commonly applied regulations pertaining to residential pool installations. Other regulations may apply. **It is the property owner's responsibility to determine location of lot lines and the proper placement of the pool.**

INSPECTIONS: *Please contact the Community Development Office at (708) 479-3930 to schedule inspections. Inspection of Pool, GFI protection, & Fencing is required.*

Permit Fees: Temporary (Storable / Inflatable) Pool = NO FEE
